—The weather is excessively warm.

—The river is rising. The largest steamers are still making their regular trips.

—The health of our town and vicinity is generally good, excepting a few cases of cholera morbus.

—Wheat harvest is over and is safe in stacks and barns. Corn and tobacco crops are promising.

—The abutment of the Anderson bridge which gave way early last Spring, is about completed at a cost of nearly three thousand dollars.

—The boys who went with Mr. G. G. Grady's show, from this place, have returned home; having left him at Greenville, Ind., in rather straightened circumstances.

Mr. S. Salm who handles most of the tobacco raised in this section of country, has about closed out his purchases for this season. Notwithstanding the liberal prices paid, he claims to have made some money.

—Capt. G. B. Taylor, of Evansville, at the request of his daughter, who is very low with consumption, has moved his family back to his old home at Maxville, Spencer county. She will, in all probability live but a short time.

—The Independents of this county met in mass convention on Saturday, July 1st, and nominated candidates for the different County offices. Hon. Thomas DeBruler, of Rockport, delivered a very lengthy and able address.

—The Republican Central Committee met at Tell City on the 8th inst., and decided to hold their County Convention at Hagedorn's, July 31st. Hon. J. W. Gordon will address the Convention. With three tickets in the field Committee.

the contest for office will be quite lively.

The 4th was celebrated by our citizens in a very pleasant grove one mile south of town. The grounds were well arranged, good order was preserved and everybody enjoyed themselves. All participants seemed to be laid aside, and all united in making the day long to be remembered. The Declaration of Independence was read, after which, short but very interesting and appropriate addresses were made by Messrs. J. W. Fell and H. M. Buff. OCCASIONAL.

—Martin County Herald: The corn crops at present look very promising; corn is clean, and has been well cultivated and presents a healthy and growing appearance.

—The blast furnace at Schools went into blast on the 4th. They are working native ore entirely, and making an excellent article of iron.

—Mitchell Banner: The Mitchell district fair begins September 26, and promises to be the best ever held here. "Old Blue Jeans" is going to be present sure.

—A clergyman observing a poor man by the roadside, breaking stones, and kneeling to get at his work better, made the remark: "Ah, John, I wish I could break the stony hearts of my hearers as easily as you are breaking these stones." "Perhaps, master, you do not work on your knees," was the reply.

—No one ever gets his money's worth out of a newspaper until he reads the advertising columns attentively. They inform him who are the live business men of the place, and he also finds out where he can obtain the best bargains. Consult the advertising columns of the COURIER and govern yourselves accordingly.
